Number Exercises Visual

Exercise 1

```
                5
          4           4
         3                 3
       2                     2
     1                           1
```
Exercise 2

```
              5

         3           3

      1                    1
```

Exercise 3

```
                              1'

              5              5

        1                          1
```

Exercise 4

```
            2
       1      1      1
              7
```

Exercise 5

```
                        1'   1'
                  7            7
               6                  6
            5                5              5
          4                 4
        3                3         3     3
      2                     2
    1                   1  1        1       1
```

Exercise 6 – Number Mountain

```
                    1'     1'  1'   1'   1'   1'   1'   1'
               7             7
             6              6
           5              5
         4              4
       3              3
     2              2
   1   1   1   1   1   1   1   1           1
                                        7
```
Exercise 7 – Number Roller Coaster

```
                                                    6
                          5          4   4              5   5
              4        3   3                 4      4          4
          3              2       2       3       3       3       2
       2        2   2        1   1          2       2              1
    1        1   1              1   1                 1   1
```

```
                        1'
          7        7   7
       6     6        6       6
     5     5        5       5
    4     4        4       4
   3     3        3       3
   2     2        2       2
   1         1   1              1
```
